UNIFI ACTIVITY PACK

UNITING GENERATIONS

SPARKING CONVERSATIONS

UNIFI aim to '*bridge the gap*' through uniting generations by improving communication and wellbeing for all.

In these difficult times, it is important that we not only take care of our physical health, but our mental health too. Therefore, we believe it's essential that we battle through this crisis together and unite against this virus and the loneliness it may cause.

Through this activity pack, we are providing you with activities for all age groups to play, whenever and wherever you are. Enjoy these fun tasks with one another, on your own or play through digital communication (such as a video call)

To print this activity pack, please print the document double sided in colour for the best experience.
Our mission is to keep your mind busy, no matter your age and who you physically have around you at this time.

Double-sided conversation cards to cut out, colouring activity postcard and a simple activity sheet

If you could change your name, what name would you choose?

What was the best period of your life so far and why?

What is the strangest dream you have ever had?

Draw a picture of each other

Look at childhood photos with each other

Draw a family tree together

What were some of the most adventurous things you did when you were young?

Where have you lived? What do you remember about your first house?

Where have you travelled and where is the best place you have ever visited?

What are the top 3 things on your bucket list?

Where would you like to live in the future?

Where would you like to go on holiday and who would you take with you?
